

Tillotson Large Grants

ENSU - Canaan, VT & NH SAU7

FINANCIAL PLAN:
 In order to continue our collaborative efforts, we are requesting \$30,000 to continue facilitation services from Carole Martin for her salary and expenses.

We anticipate legal expenses associated with identifying a governance structure, funding formula, federal grants, negotiated agreements, policies/procedures, and other interstate needs, therefore, we are asking for an additional \$25,000 to cover these fees.

Our plan also includes offering a teaching/learning retreat for staff interested in having a voice in the design of rigorous and vibrant offerings related to curriculum and staffing ratios. To accomplish this work we are asking for \$5000.

Our total funding request is \$60,000.
