Debra Taylor  
Superintendent  
SAU #7  
21 Academy St.  
Colebrook, NH 03576

Dear Ms. Taylor,  
Daniel Hebert, Inc. is pleased to submit this proposal for Preliminary Architectural and Engineering Services for the new Regional High School/CTE Center.

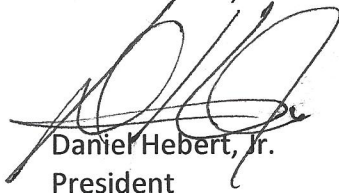

The anticipated total square footage is 75,312 square feet and the total project cost is \$18,828,125.00.

Our scope of service for Preliminary Architectural and Engineering Services is as follows:

- Work with the Building Committee to finalize the building square footage
- Prepare detailed architectural schematic drawings, consisting of floor plans and building elevations
- Consult with Structural and Mechanical Engineers to show design compatibility with the architectural drawings
- Prepare schematic Civil Engineering drawings showing the building footprint and site contours
- Provide a detailed construction budget for all 16 construction divisions.

Our total lump sum fee for the above services is \$350,000.00.

Sincerely,  
Daniel Hebert, Inc.

Daniel Hebert, Jr.  
President
